Hello.

There are no restrictions on who can reply to the RFI. A review of the RFI answers your other question.

Thank you.

Subject: RFI Voting System

Dear Sir,

I just came across the RFI regarding SF new voting system.

I wished to know if it was open to non-US voting software?
If yes, do you know when will the requests for proposals be open?

We are a recently created non-profit association based in Portugal, we are developing an open-source voting platform www.zendag.org that may be a good candidate for SF voting system.

Thanks in advance,

Best regards,
