<div>Format B, I, BI</div>	<div>Keep Text Within the Vertical Lines</div> <div>Here are the indisputable facts: The city failed to find up to \$200 million in unnecessary garbage rate hikes. The individuals assigned to approve rate hikes at the Department of Public Works do not always have the expertise to conduct the complicated auditing required to spot waste, much less fraud or abuse. According to the Federal Bureau of Investigation, there was a pattern of corruption at the very top of the department tasked with making sure our garbage rates are fair. And as the author of the "No" argument states himself, the system that failed to prevent these unnecessary charges is nearly 100 years old. After nearly 100 years, and after the last few years where we saw a pattern of corruption and unjustified rate hikes – it is time for a change. Proposition F brings oversight, professional auditing and requires ongoing ratepayer advocacy. It creates no new department – it simply moves oversight to experts who can help bring fair rates – and improved service. The people who pick up our garbage and recycling do a great job. Proposition F helps these frontline workers by making sure the system is fair to everyone. And the union that represents these hard-working neighbors supports Proposition F. These are tough times for working families. The cost of just about everything is going up. San Franciscans deserve professional and transparent oversight to make sure our garbage rates are fair.
