About the Ballot Simplification Committee

The Ballot Simplification Committee prepares a fair and impartial summary of each local ballot measure in simple language. These summaries, or "digests," which are prepared at public meetings, are printed in San Francisco's Voter Information Pamphlet, which is mailed to every registered voter before the election.

Each digest explains the primary purposes and points of the measure, and includes the following four sections:

- *The Way It Is Now*
- *The Proposal*
- *A "Yes" Vote Means*
- *A "No" Vote Means*

In general, each digest is limited to 300 words. Digests may exceed the 300-word limit if the Committee determines that the complexity or scope of the measure requires a longer digest. In addition, digests must be written as close as possible to the eighth-grade reading level.

The Committee also prepares other materials, such as "Frequently Asked Questions" and "Words You Need to Know," a glossary of terms that appear in the pamphlet. The City Attorney's Office prepares the ballot questions, and the Director of Elections determines each measure's title.

In advance of the November 8, 2016, General Election, the Ballot Simplification Committee will meet during the period of July 25 to August 15.

Meeting agendas and agenda materials will be posted at sfelections.org/bsc and in the Department of Elections office in City Hall, Room 48. Agendas will be posted at least 72 hours prior to the meeting, and agenda materials will be made available as early as possible. Please check for updates.

Procedure for Drafting Digests

The City Attorney's Office prepares a preliminary draft digest for each measure. The Committee begins by discussing and editing that preliminary draft digest. Public comment is generally not permitted during this phase of the Committee's work.

After the Committee has agreed upon a draft digest, it opens the meeting to public comment, which is generally limited to three minutes per person. The Committee respectfully requests that speakers identify which portions of the draft digest they would like to change and the reasons for the proposed change.

After public comment, the Committee considers each of the proposed changes and decides whether to amend the draft digest. The Committee then votes to adopt the digest. At least three votes are required to adopt a digest.

Procedure for Reconsideration of Digests

After the Committee adopts a digest, any person may request that the Committee reconsider the digest by submitting a written Request for Reconsideration to the Department of Elections. The request must indicate:

- The specific language in the digest that the requestor wants to amend;
- The alternate language the requestor recommends; and
- The reasons for the recommendation.

Requests for Reconsideration must be submitted within 24 hours of adoption of the digest. Each digest will be posted as soon as possible after adoption at sfelections.org/bsc, with the deadline for Requests for Reconsideration.

Please transmit Requests for Reconsideration to:

Email: publications@sfgov.org, or

Delivery: Ballot Simplification Committee– Request for Reconsideration,
c/o Barbara Carr, Department of Elections, City Hall, Room 48

The Committee considers each Request for Reconsideration at a public meeting, and decides, after public comment, whether to amend its digest. At least three votes are required to amend a digest. The Committee's decisions concerning Requests for Reconsideration are final.
