Ballot Argument Control Sheet A

Control Sheet A must be submitted for every ballot argument, with required signatures and author information. If your argument has more than one author, you must also submit Control Sheet B with required signatures and information for all additional authors.

For an argument submitted on behalf of an organization, the "Individual" section must also be completed by a principal officer of the organization who must be a registered San Francisco voter.

If an argument states that an individual or organization other than the author supports or opposes the ballot measure, or agrees with or endorses the argument, a completed and signed Consent Form is required.

I support the recall of all three San Francisco School Board members because they have failed at their jobs and failed our students. Events of the last year and a half of this global pandemic have put our public school system in an incredibly challenging position, and right now we are at a crossroads. Our kids must come first. But our School Board's priorities have often been severely misplaced, undermining the education and mental health of our students. This grassroots recall effort is led by parents whose kids have fallen far behind in their education, are breaking down from the mental health challenges of a pandemic, exacerbated by chaos in our public school system. These three school board members didn't listen to their voices, prioritize their kids in the classroom or try to solve the immense problems facing the District. It's essential that we have leadership that will tackle the challenges of hiring a new Superintendent who will lead the District through one of the most pivotal times in its history, help move the District out of its current dire fiscal situation and back onto solid financial footing, and focus on helping our students succeed after spending more than a year out of the classroom. It's time for new school board members who put kids first. Mayor London Breed

I support the recall of all three Board of Education Members, Collins, Lopez and Moliga, because they have failed in their responsibilities as members of the Board and have failed our students and families.

These three Board of Education members have all too often focused on politics instead of students.

While they should have been singularly focused on safely reopening our schools, they voted against hiring a consultant to help with that process - which the Superintendent described as a "body blow" to reopening efforts - and spent time discussing renaming our schools rather than re-opening them.

They've allowed the school district's fiscal standing to deteriorate so severely that the state Superintendent of Public Instruction intervened to stop the school district from becoming financially insolvent. The district needs strong and responsible leadership to right the ship.

Families are pulling their children from our schools, and enrollment is at its lowest level in decades. We need leadership that prioritizes and uplifts all of our students and that is fully focused on their well-being over personal political priorities.

Ballot Argument Control Sheet A

Control Sheet A must be submitted for every ballot argument, with required signatures and author information. If your argument has more than one author, you must also submit Control Sheet B with required signatures and information for all additional authors.

For an argument submitted on behalf of an organization, the "Individual" section must also be completed by a principal officer of the organization who must be a registered San Francisco voter.

If an argument states that an individual or organization other than the author supports or opposes the ballot measure, or agrees with or endorses the argument, a completed and signed Consent Form is required.

| Equal educational opportunity is the foundation for socioeconomic advancement, particularly for newcomers and people starting on the margins of society. In Frederick Douglass' words, "Education is the key to freedom." | |
| This School Board has abandoned the quest for academic excellence and is making no progress on achieving equality. Families leave our schools. Those who can't afford to leave have little choice but to remain. Despite consistently supporting school bond measures, we have unsafe schools. The School Board can't say where the money went. They've undermined the legitimacy and quality of our public education. | |
| Large majorities of parents of every background pleaded for safe school reopening. Instead, the School Board fixated on removing school names like Mission, Lincoln & Jose Ortega. They planned to give all students "A" grades in every subject until the state threatened to deny academic credit to the scheme. | |
| Losing time means losing children. This School Board has proven it can not be trusted on key decisions and should be removed now, not in 2023. State law already shields elected officials from recall at the start of their terms. We should not be denied our democratic right to recall them based on their actions in office just because it is close to the end of their terms. We said "No" when Donald Trump said it was too late to try to impeach him. The time lost in students' educational lifetimes is too precious to wait to act. | |
| Join the people's recall of San Franciscans tired and frustrated with School Board members who have failed children's educational needs and disregarded fiscal integrity. | |

These included (i) attempting to destroy historic murals at Washington High School; (ii) the ill-conceived and faulty process to rename schools when there was no urgency for doing so; and (iii) making permanent changes to the admissions process at Lowell High The Board took these actions while failing to reopen schools for over a year, leaving families struggling with distance learning. losing precious instructional time and causing academic and emotional damage, including to students of color the Board claims to champion. Parents and members of the public had to go to court to reverse these actions. The public should not have to sue its school board to get it to act responsibly. They remain tone deaf to their responsibilities. The Board has now accumulated a \$125m budget deficit and driven thousands of families out. The State has put the District on notice of impending bankruptcy and possible State takeover. Rather than address structural problems and put the District on stable footing, they redirected \$100 million designated for Ruth Asawa High School of the Arts in Civic Center. Their action undoes thirty years of community work and partnerships with our major Arts institutions, advocates and supporters and damages arts programs for future generations. We are compelled to support this recall and promote a more responsible school board providing leadership that includes consultation with the community and involves parents to support every child. of words per line

This past year the Superintendent took the unprecedented step of conditioning remaining in his job upon the School Board "following the law." The Superintendent's demand required the School Board to follow its own rules and obey the laws they swore to uphold.

The Board's unlawful actions have deprived the community of due process, repeatedly silenced dissent, divided the community, and created a culture of bullying and intimidation.

In the past year, the San Francisco Superior Court has reversed the Board's unlawful and irresponsible decisions to (1) tear down Lowell High School's merit-based admissions policy (2) remove the murals at Washington High School and (3) rename 44 public schools.

During the pandemic, the Board wasted hundreds of thousands of dollars to tear the community down instead of focusing on improving education. The effort, time, and money required to reverse these decisions and to save Lowell High School, which provides clear pathways to opportunity for all students, could have been spent advancing education for all. Abolishing Lowell academic admissions ignores the educational needs of students at the PreK-Grade 8 levels and at all San Francisco high schools.

Recall Commissioners Collins, Moliga & Lopez and put educational advancement and the needs of all students first and foremost.

B, I, BI 8 words per line Commissioners Alison Collins, Faauuga Moliga, and Gabriela Lopez voted to paint over George Washington High School's murals because they depict an unvarnished history of America's founding. These murals honestly present our first President and his times, highlighting the American Revolution and creation of the Constitution, and Washington's commitment to education. They also show African American enslavement at Mount Vernon and the disastrous consequences of western expansion for Native Americans. The muralist, a colleague of Diego Rivera, was persecuted for his political views. Poet Alice Walker, whose daughter attended George Washington High, commented: "it is never a good idea to destroy art; it is better to explain it. That is what education helps us to do; the murals depict George Washington in a truer light than most Dewey Crumpler, creator of the "Multi-Ethnic Heritage" mural at George Washington, warned, "If you whitewash that mural, it will only bleed in history more powerfully than it bleeds right now." As educators, artists, historians and citizens who oppose censorship, we want these murals, as well as those at Mission High School, Roosevelt Middle School, Aptos Middle School, and Harvey Milk Civil Rights Academy, to be used for their intended purpose - to illustrate history. Balboa High community supports recall of Collins, Lopez & Moliga

of words per line

We are San Franciscans and proud members of the Balboa High Community, a great school that has educated working and middle class students in the Excelsior, Ingleside and Outer Mission for 92 years.

We support the recall of Commissioners Collins, Lopez & Moliga because they have:

- * Wasted time and energy with their top-down mandate to change the names of 44 schools while schools were closed. They refused to consult with historians or the Balboa community, and postponed their mandate only after they were sued for violation of the Brown Act.
- * Provided no cost analysis for their mandate. The Sacramento Bee estimates name changes cost \$100,000-\$150,000 per site.
- * Overspent into a \$116 million deficit by next July, 2022. Until recently, they refused to provide the state a plan to address a \$187 million deficit expected in 2023.
- * Lagged far behind San Francisco private schools safely returning students to school during the pandemic.

These Commissioners are focused on their political ideology and not on excellence for our students. Their rhetoric is divisive and hurtful to our community. They have repeatedly ignored the Balboa Community's letters and emails.

In the words of Emily Sanchez Powell, President Emerita of Balboa Alumni Association, "At Balboa our education and our lives are enhanced by deeply felt 'School Spirit' and 'Valued Traditions' that develop strong bonds between all age groups. I believe I speak for most of our Balboa Alums when I support the recall!" These Commissioners are not up to the challenges facing our families and school. Join us in supporting their Recall!
