2016 JUL 11 PM 1:18

RESOLUTION NO. 166-14Sp1

RESOLUTION ORDERING SCHOOL BOND ELECTION IN AN AMOUNT
NOT TO EXCEED \$744,250,000 AND AUTHORIZING NECESSARY ACTIONS IN
CONNECTION THEREWITH

WHEREAS, the Board of Education (the "Board") of the San Francisco Unified School District (the "District") is authorized to order elections within the District and to designate the specifications thereof, pursuant to Sections 5304 and 5322 of the Education Code of the State of California (the "Education Code"); and

WHEREAS the Board is specifically authorized to order elections for the purpose of submitting to the electors the question of whether bonds of the District shall be issued and sold for the purpose of raising money for the purposes hereinafter specified, pursuant to Education Code Sections 15100 et seq.; and

WHEREAS, pursuant to Section 18 of Article XVI and Section 1 of Article XIII A of the California Constitution, and Section 15266 of the Education Code, school districts may seek approval of general obligation bonds and levy an ad valorem tax to repay those bonds upon a vote of at least 55% of those voting on a proposition for the purpose, provided certain accountability measures are included in the proposition; and

WHEREAS, the Board deems it necessary and advisable to submit a bond proposition to the electors which, if approved by 55% of the votes cast, would permit the District to issue its bonds; and

WHEREAS, such a bond election must be conducted concurrent with a statewide general election, general election, or special election, or at a regularly scheduled local election, as required by Section 15266 of the Education Code; and

WHEREAS, on November 8, 2016, a statewide general election is scheduled to be conducted throughout the District; and

WHEREAS, the District is located entirely within the City and County of San Francisco (the "County") and the San Francisco County Superintendent of Schools has jurisdiction over the District; and

WHEREAS, the District's boundaries have not changed since the June 7, 2016 Election; and

DEPARTMENT OF ELECTIONS

WHEREAS, pursuant to Education Code Section 15270, based upon a projection of assessed property valuation, the Board has determined that, if approved by voters, the tax rate levied to meet the debt service requirements of the bonds proposed to be issued will be less than \$60 per year per \$100,000 of assessed valuation of taxable property; and

WHEREAS, current estimates place the maximum projected tax rate levied to meet the debt service requirements of the bonds at approximately \$25 per year per \$100,000 of assessed valuation of taxable property; and

WHEREAS, Section 9400 *et seq.* of the Elections Code of the State of California (the "Elections Code") requires that a tax rate statement be contained in all official materials, including any ballot pamphlet prepared, sponsored or distributed by the District, relating to the election; and

WHEREAS, the Board of Education now desires to authorize the filing of a ballot argument in favor of the proposition to be submitted to the voters at the election; and

WHEREAS, if the project to be funded by the bonds will require State matching funds for any phase, the sample ballot must contain a statement, in form prescribed by law, advising the voters of that fact; and

WHEREAS, the Board of Education finds that completion of all or a portion of certain projects listed in the bond project list will not require State matching funds not yet received by the District;

NOW, THEREFORE, THE BOARD OF EDUCATION OF SAN FRANCISCO UNIFIED SCHOOL DISTRICT DOES HEREBY FIND, RESOLVE, DETERMINE AND ORDER, AS FOLLOWS:

1. Recitals. All of the above recitals are true and correct, and the Board so finds.

FULL TEXT BALLOT PROPOSITION
OF THE SAN FRANCISCO UNIFIED SCHOOL DISTRICT
ELECTION NOVEMBER 8, 2016

This Proposition may be known and referred to as the “San Francisco Unified School Improvement Bond” or as “Measure ____”. *[letter designation to be assigned by County Registrar of Voters]*

BOND AUTHORIZATION

By approval of this proposition by at least 55% of the registered voters voting on the proposition, the San Francisco Unified School District (the “District”) shall be authorized to issue and sell bonds of up to \$744,250,000 in aggregate principal amount to provide financing for the specific school facilities projects listed in the Bond Project List, and in order to qualify to receive State matching grant funds, subject to all of the accountability safeguards specified below.

ACCOUNTABILITY SAFEGUARDS

The provisions in this section are specifically included in this proposition in order that the District’s voters and taxpayers may be assured that their money will be spent wisely to address specific facilities needs of the District, all in compliance with the requirements of Article XIII A, Section 1(b)(3) of the State Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following).

Evaluation of Needs. The Board of Education hereby certifies that it has evaluated the facilities needs of the District, and the priority of addressing each of these needs. In the course of its evaluation, the Board of Education took safety, class size reduction and information technology needs into consideration while developing the Bond Project List.

Limitation on Use of Bond Proceeds. The State of California does not have the legal authority to take locally approved school district bond funds for any State purposes. The Constitution allows proceeds from the sale of bonds authorized by this proposition to be used only for the construction, reconstruction, rehabilitation, or replacement of school facilities listed in this proposition, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses. Proceeds of the bonds may be used to pay or reimburse the District for the cost of District staff only when performing work on or necessary and incidental to the bond projects.

Independent Citizens’ Oversight Committee. The Board of Education shall establish an independent Citizens’ Oversight Committee (pursuant to Education Code Section 15278 and

following), to ensure bond proceeds are spent only for the school facilities projects listed in the Bond Project List. The committee shall be established within 60 days of the date on which the Board of Education enters the election results on its minutes.

Annual Performance Audits. The Board of Education shall conduct an annual, independent performance audit to ensure that the bond proceeds have been expended only on the school facilities projects listed in the Bond Project List.

Annual Financial Audits. The Board of Education shall conduct an annual, independent financial audit of the bond proceeds (which shall be separate from the District's regular annual financial audit) until all of those proceeds have been spent for the school facilities projects listed in the Bond Project List.

Special Bond Proceeds Account; Annual Report to Board. Upon approval of this proposition and the sale of any bonds approved, the Board of Education shall take actions necessary pursuant to Government Code Section 53410 and following to establish an account in which proceeds of the sale of bonds will be deposited. As long as any proceeds of the bonds remain unexpended, the Superintendent or the Chief Business Officer of the District (or such other employee as may perform substantially similar duties) shall cause a report to be filed with the Board no later than April 1 of each year, commencing April 1, 2018, stating (1) the amount of bond proceeds received and expended in that year, and (2) the status of any project funded or to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as such officer shall determine, and may be incorporated into the annual budget, audit, or other appropriate routine report to the Board.

FURTHER SPECIFICATIONS

Specific Purposes. All of the purposes enumerated in this proposition shall be united and voted upon as one single proposition, pursuant to Education Code Section 15100, and shall constitute the specific purposes of the bonds, and proceeds of the bonds shall be spent only for such purposes, pursuant to Government Code Section 53410.

Joint Use. The District may enter into agreements with the City and County of San Francisco or other public agencies or nonprofit organizations for joint use of school facilities financed with the proceeds of the bonds in accordance with Education Code Section 17077.42 (or any successor provision). The District may seek State grant funds for eligible joint-use projects as permitted by law, and this proposition hereby specifies and acknowledges that bond funds will or may be used to fund all or a portion of the local share for any eligible joint-use projects identified in the Bond Project List or as otherwise permitted by California State regulations, as the Board of Education shall determine.

Rate of Interest. The bonds shall bear interest at a rate per annum not exceeding the statutory maximum, payable at the time or times permitted by law.

Term of Bonds. The number of years the whole or any part of the bonds are to run shall not exceed the legal limit, though this shall not preclude bonds from being sold which mature prior to the legal limit.

PROJECT LIST

SAN FRANCISCO
FILED

The Bond Project List below describes the specific projects the San Francisco Unified School District proposes to finance with proceeds of voter approved bonds. Listed projects will be completed as needed at a particular District site according to District Board of Education-established priorities, and the order in which such projects appear on the Bond Project List is not an indication of priority for funding or completion. The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. Certain construction funds expected from non-bond sources, including State grant funds for eligible projects, have not yet been secured. Until all project costs and funding sources are known, the Board of Education cannot determine the amount of bond proceeds available to be spent on each project, nor guarantee that the bonds will provide sufficient funds to allow completion of all listed projects. Completion of some projects may be subject to further government approvals by State officials and boards, to local environmental review, and to input from the public. For these reasons, inclusion of a project on the Bond Project List is not a guarantee that the project will be funded or completed. In order to provide flexibility should additional efficiencies be realized or should Board priorities change, the Bond Project List contains more projects than the District currently estimates the Bonds can fund. The Board may undertake new construction, reconstruction, rehabilitation, demolition, the acquisition of real property, furnishing or equipping of school facilities, or replacement to complete each or any of the projects listed below as may be determined desirable by the District at the time the project is undertaken. Any authorized repairs shall be capital expenditures. The project list does not authorize non-capital expenditures. The Board of Education may make changes to the Bond Project List in the future consistent with the projects specified in the proposition. Section headings are not part of the project list and are provided for convenience only.

CONSTRUCTION, RECONSTRUCTION AND IMPROVEMENT

The following types of projects may be completed with proceeds generated by the proposed bond measure, any available State matching funds, as well as funds from any other sources:

- Areas identified as health and safety risks to students, faculty, staff, parents and others may be corrected, including, but not limited to, items, buildings, building systems, or other units of real property that are either damaged or have outlived their useful lives, and the remediation of hazardous materials.
- Major building systems may be improved, including, but not limited to, systems such as electrical (including wiring), HVAC, domestic water, sewers, building enclosure systems (including, but not limited to roofs, walls, windows and associated structural elements), lighting, floors, ceilings and walls, technology and data processing, clocks and bells, security, fire sprinkler, elevators, etc.
- Major common, administrative, and athletic areas, including, but not limited to, food service kitchens, theaters, auditoriums, gymnasiums, ancillary and administrative spaces and locker room facilities. All facilities undergoing renovation may, if needed, be painted inside and out.
- Earthquake-Safety Seismic upgrades.

- Necessary or desirable accessibility improvements including, but not limited to, ADA compliance.
- Computer technology upgrades including infrastructure wiring and equipment and telecommunication system upgrades and equipment.
- Interior modifications to reconfigure, modify, or modernize existing interior classroom and building spaces.
- Exterior modifications including, but not limited to, replacement or repair of all building exterior finishes and materials and exterior site work, playgrounds, play structures, fences and gates, fields and bleachers, hardscape and landscaping.
- Additions or expansions to existing classroom or school buildings to provide additional classrooms or other spaces.
- Replacement of temporary classroom facilities (e.g., aging modular classrooms) with permanent structures.
- Construct new schools.
- Work not specifically listed here, but required or recommended by any departments or agencies having jurisdiction.

TAX RATE STATEMENT

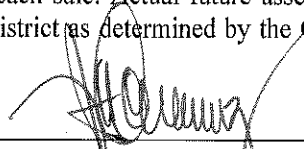

An election will be held in the San Francisco Unified School District (the "District") on November 8, 2016, to authorize the sale of up to \$744,250,000 in bonds of the District to finance school facilities as described in the proposition. If the bonds are approved, the District expects to issue the Bonds in 3 or more series over time. Principal and interest on the bonds will be payable from the proceeds of taxes levied upon the taxable property in the District. The following information is provided in compliance with Sections 9400 through 9404 of the California Elections Code.

1. The best estimate of the tax which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the first series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is approximately 1 cent per \$100 (\$9.90 per \$100,000) of assessed valuation in fiscal year 2016-2017.
2. The best estimate of the tax rate which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the last series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is 2.49 cents per \$100 (\$24.90 per \$100,000) of assessed valuation in fiscal year 2020-2021.
3. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on estimated assessed valuations available at the time of filing of this statement, is 2.49 cents per \$100 (\$24.90 per \$100,000) of assessed valuation in fiscal year 2040-2041.
4. The best estimate of the average tax rate that would be required to be levied to fund the bonds based on estimated assessed valuations available at the time of filing this statement is 1.59 cents per \$100 of assessed value (or \$15.90 per \$100,000 of assessed value) for fiscal year 2017-18 to and including fiscal year 2040-2041.
5. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all of the bonds are issued and sold is \$1,210,845,028.

Voters should note that estimated tax rates are based on the *ASSESSED VALUE* of taxable property on the County's official tax rolls, *not* on the property's market value, which could be more or less than the assessed value. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective tax rate than described above. Certain taxpayers may also be eligible to postpone payment of taxes. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions. The estimated rates presented above apply only to the taxes levied to pay bonds authorized by this measure. Additional taxes will be levied to pay bonds issued pursuant to previous, concurrent, and future authorizations by the District and/or any other local agency with an overlapping tax base.

Attention of all voters is directed to the fact that the foregoing information is based upon the District's projections and estimates only, which are not binding upon the District. The actual tax rates and the years in which they will apply, and the actual total debt service, may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for construction funds and other factors, including the legal limitations on bonds approved by a 55% affirmative vote. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Dated: June 28, 2016.
