Proposition A will prioritize pedestrian access and capabilities throughout San Francisco's many neighborhoods. With the help of funding from Prop A the City will further its goal to have a curb ramp installed at every intersection and mid-block location where pedestrian crossings exist, providing fuller pedestrian access between a sidewalk and roadway. This will vastly assist the needs of our fellow residents who need more time to cross our dangerous streets, using supportive devices, strollers, or delivery dollies. We urge your support for Proposition A.

There are approximately 8,000 people experiencing homelessness in San Francisco on any given night, with 4,000 residents also experiencing mental health challenges and substance use disorders. Now as we all battle the pandemic, we know we must do more to strengthen our public safety net.</p> <p>Our years of direct service in the community have shown us what we need as a City. Proposition A, the Health and Recovery Bond, will vastly improve our City's response to these crises with \$207 million of this Bond going specifically to addressing health care and housing needs. San Francisco will be able to expand the opportunities and affordability for health care direct services, treatment programs, residential facilities, diagnostic care, and outpatient support. Further, permanent and transitional housing access to more of our neighbors will be improved. We ask for your Yes vote on Prop. A.</p> <p>San Francisco Human Services Network</p> | |
