Ballot Argument Control Sheet A

Control Sheet A must be submitted for every ballot argument, with required signatures and author information. If your argument has more than one author, you must also submit Control Sheet B with required signatures and information for all additional authors.

For an argument submitted on behalf of an organization, the "Individual" section must also be completed by a principal officer of the organization who must be a registered San Francisco voter.

If an argument states that an individual or organization other than the author supports or opposes the ballot measure, or agrees with or endorses the argument, a completed and signed Consent Form is required.

Facilitate typesetting, and reduce the possibility of transcription error by sending an electronic copy of your ballot argument text within 24 hours after submission to the Department at publications@sfgov.org.

Teens are children, legally. Parents are responsible for their children's actions and to ensure their well-being.

Unfortunately, we see increasing evidence of San Francisco's schools' indoctrinating our youth, heavily politicizing so many aspects of our city's issues and our lives, that a child does not receive the best information to make a truly informed decision. Potential bias is everywhere.

The only way to make a good decision, such as which way to vote in an election, is to base the decision on maturity and experience.

Teens are children. They still need permission slips to go on a field trip. Many if not most of our city teens do not drive, don't work, and have not participated in owning or managing a business. They can't- they aren't allowed to sign contracts. Moreover, they don't pay taxes, they don't have credit card accounts- in other words, the worldly experiences of being an adult hasn't yet come to them.

Imagine a teen voting on an issue which they themselves will not feel the implications of? Therefore, until a 16 or 17 year old teen is able to actually understand and feel the results and ramifications of their decisions of a vote should they be allowed to vote. The doors to opportunity open at 18. Therefore, join me in voting NO on Prop G.
