	Vote YES on Proposition N to make the parking garage in Golden Gate Park more accessible and affordable. Our city's biggest public park, Golden Gate Park, is managed by the SF Recreation and Park Department. The parking garage in Golden Gate Park should also be managed by SF Rec and Park rather than privately to better support equity and access. The 800-space parking garage was built under the Music Concourse in Golden Gate Park to reduce vehicle traffic in the park, and directly connects to the de Young Museum and California Academy of Sciences. But for too long, the parking garage has been underutilized by visitors due to high prices, leading many people to drive into and around the park to seek free parking. Under the control of SF Rec and Park, parking would be able to be set at rates that support equity and access goals, such as discounted parking for San Francisco seniors, people with disabilities, and low-income families who need to drive to the park. Smarter parking management means the remaining garage debt will be paid off faster than currently – and then revenues can be put toward ongoing accessibility improvements and services in Golden Gate Park. This commonsense measure is good for our park and for everyone who wants to come and enjoy it – and will finally unlock the potential in the garage to support greater equity and access, as well as reduced traffic in Golden Gate Park. Please vote YES on Proposition N. Walk SF

	Prop N ensures Golden Gate Park's Music Concourse Parking Garage is effectively utilized, allowing the City and the neighboring museums to better serve Golden Gate Park visitors who need to drive to the eastern portions of the park. Smart management of the garage includes subsidized parking rates for low-income visitors and visitors with disabilities, and ensuring space is available when needed, alleviating the need for visitors to circle the park looking for street parking. We agree that the City can and should do more to make the eastern end of the park more accessible to a wider range of visitors. Taking control of the garage is the first step to many accessibility improvements. Prop N makes smart environmental and good government sense. 	Proposition N will help reduce traffic congestion on the streets in Golden Gate Park, making our communal open space safer for everyone. Currently, the garage is not well used because of expensive parking rates, resulting in cars circling the Golden Gate Park and neighboring streets looking for alternative parking. More circling cars equals more dangerous streets for everyone. Proposition N gives the City more flexibility over managing the garage and setting parking rates which will ensure affordable parking for those who need it and get cars off surface streets. Under Proposition N, the City could reduce parking rates for low income visitors and visitors with disabilities, improving accessibility to the park for all. We urge you to vote Yes on Proposition N for improved accessibility and reduced traffic congestion in Golden Gate Park. **Kid Safe SF**

	Golden Gate Park is an oasis in our city with safe open space and world-class institutions that everyone should be able to access and enjoy. **Proposition N increases access** to Golden Gate Park for those who need to drive. Currently the 800-space underground garage is overpriced, underutilized, and mismanaged. Because the city would be able to control parking rates, Proposition N makes garage parking more accessible for everyone and more affordable for those who need it. **Proposition N enables the garage to grant discounts** to seniors, disabled people, low-income households, and people from equity priority neighborhoods. More people from all corners will be able to visit the park and its attractions. **Proposition N makes our park spaces safer** by reducing the need for drivers to circle for street parking, where they can conflict with other drivers and park users. Garage users can reach the entrance directly from Fulton Street, or from Lincoln Way through MLK Drive. Vote Yes on Prop N for access and safety. 	Golden Gate Park is an oasis in our city with safe open space and world-class institutions that everyone should be able to access and enjoy. **Proposition N increases access** to Golden Gate Park for those who need to drive. Currently the 800-space underground garage is overpriced, underutilized, and mismanaged. Because the city would be able to control parking rates, Proposition N makes garage parking more accessible for everyone and more affordable for those who need it. **Proposition N enables the garage to grant discounts** to seniors, disabled people, low-income households, and people from equity priority neighborhoods. More people from all corners will be able to visit the park and its attractions. **Proposition N makes our park spaces safer** by reducing the need for drivers to circle for street parking, where they can conflict with other drivers and park users. Garage users can reach the entrance directly from Fulton Street, or from Lincoln Way through MLK Drive. Vote Yes on Prop N for access and safety.
